GENERAL SECTION

A 1 INTRODUCTION TO THE HANDBOOK

The purpose of this handbook is to provide the school community with a comprehensive list of policies and procedures that govern the day to day running of the school. We hope this will ensure that our families have a better understanding of how we function and know what to do if they have a specific query or concern.

As this handbook is updated annually, we look forward to regular feedback from you to help improve future editions. If you feel that there are other questions that are not addressed in this handbook, please contact the school with your suggestions or ideas.

Our curriculum is based on a “best practice” educational framework that aims to develop inquiring, knowledgeable, and caring young people who help to create a better and more peaceful world through understanding their dual purpose.

One of our defining attributes is our strong belief in educating the whole child and focus on character development. We are committed to fostering the development of responsible and caring future world citizens.

Daily life in school involves raising student’s awareness and appreciation for the SON Learner Profile attributes and attitudes. These are the foundational steps in creating internationally minded individuals.

In addition to providing students with a strong academic and spiritual education, we also value and promote active participation in sports and the arts. We come together regularly to celebrate our student’s achievements and share with each other what we have been learning about in our classes.

At School of the Nations, we have an open-door philosophy. Parents¹ are welcome to make arrangements to meet with teachers. Equally, teachers may request additional meetings with parents if they need to discuss the child’s progress or experiences in school. We realize that when having discussions about a child, it can potentially be an emotional time. However, we believe that both parents and teachers always have a child’s best interest at heart. Therefore, we feel it is important to remember that during meetings everyone interacts in a positive, productive manner and that the focus is on target setting and/or best solutions for the child.

We also invite parents to join us on parent visit days to observe the “nuts and bolts” of what happens daily in our classrooms. Please see the parent visit guidelines and keep an eye out for invitation letters.

Parental involvement is always welcome, and it plays a critical role in the children’s development. Throughout the school year, you will receive invitations to participate in your child’s learning experiences by assisting with activities in the classroom, providing additional support to some of our ELL students or helping on field trips. Please contact your child’s teacher if you would like to assist with any activities in the classrooms, whether it be on a regular basis or when you have pockets of time.

Thank you for your support. We look forward to a successful year of learning.

¹ Throughout this handbook, “PARENTS” includes any parent, legal guardian, or person having lawful control of the student.

A 2 SON VISION AND MISSION STATEMENT

As an integral component of the educational programs of the Badi Foundation, School of the Nations is dedicated to nurturing the physical, intellectual and spiritual development of children and youth, and developing their capabilities to contribute to the well-being of their families and communities.

Founded in 1988, we educate students from kindergarten through secondary, employing curricula that develop character and build capacity for service while promoting academic excellence, along with internationally recognized programmes such as International Baccalaureate (IB) and International General Certificate of Secondary Education (IGCSE).

The school seeks to contribute to the development of the Macau Special Administrative Region through engagement with the broader community, including school exchanges, seminars and the service of its teachers and students. School of the Nations also serves as a resource for the advancement of educational processes in the Peoples' Republic of China through exchanges with schools and education bureaus.

A 3 THE SON LEARNER PROFILE

School of the Nations seeks to prepare world citizens who will become active, positive and conscientious participants in the advancement of society and in their own development. To achieve this, the learner must strive to acquire different elements of identity. Each identifying element is composed of a set of attitudes, qualities, understandings, skill and habits. A partial set of these is indicated for each element.

The SON student, without regard for nationality, religion, gender, age, culture, or social level, endeavours to be a:

Seeker of Truth (ST): The SON learner strives to become free from prejudice, unquestioning imitation and personal ambitions and actively seeks to independently investigate and understand issues for themselves.

Knower of Self (KS): The SON learner is continuously pursuing self-development and knowledge of the self is a prerequisite. The learner must work to identify their talents, strengths, weaknesses and faults and then work systematically at all times to improve. At the same time the learner must avoid focusing on the faults of others.

Pursuer of Excellence (PE): The SON learner will devote their full strength to acquire both inner and outer perfections of character, knowledge, wisdom, perception and eloquent speech.

Committed Contributor to Social Progress (CP): The SON learner will subordinate personal concerns and opinions to the needs of society and, thinking of the welfare of others actively search, without consideration of personalities, for ways to contribute to the progress of all humanity.

Promoter of Unity and Justice (PJ): The SON learner will transcend the stage of doing others no harm and actively promote unity and justice as prerequisites for overcoming the ills of society.

Practitioner of Moderation (PM): The SON learner will strive towards moderation in all areas of life while avoiding excesses, radicalism and violence whether in actions, lifestyle, expression, dress or recreation.

Upholder of High Standards of Morality (UM): The SON learner considers excellent character and high resolve to be the main source of happiness, honour and prosperity. Words and actions must coincide if the learner expects efforts towards social and personal progress to be effective.

Participator in Group Actions and Decision Making (PD): The SON learner realizes that wisdom comes from combining the experiences, views and knowledge of others. Continuous effort is made to acquire the necessary skills for effective consultation with others.

Well-Wisher of Mankind (WM): The SON learner will regard humanity as a single body, and their own self as just another member of the whole, and know that if pain or injury afflicts any member of that body, it must inevitably result in suffering for all the rest.

A 4 SCHOOL APPROACH

- To explore all curriculum areas through a range of techniques including inquiry-based learning
- To ensure effective assessment strategies to report and record progress
- To develop in our students the qualities, attitudes, and characteristics of the SON Learner Profile
- To enhance student learning through the use of technology
- To actively promote our school spirit to enhance and celebrate student learning

A 5 RESPONSIBILITIES

The school community includes students, parents, teachers, administrators and staff. All the members of the community are responsible for cooperating together to provide an appropriate educational atmosphere conducive to encouraging lifelong learning and development. To achieve this each person has certain responsibilities and accepts to conform to the rules and regulations necessary to maintain order and efficiency in the community.

A 5.1 Teacher Responsibilities

Our academic staff are internationally qualified, experienced and dedicated teachers who continue to develop their skills and talents through professional development and professional learning communities to help ensure that your child receives an excellent education. Teachers have the responsibility to:

- Perform teaching and extracurricular duties with appropriate preparation;
- Teach the school curriculum;
- Serve as appropriate role models for the students, in accordance with standards of the teaching profession;
- Not offer paid training classes, tutoring sessions, or advanced programs to students unless these are officially arranged by the school
- Use discipline management techniques outlined in the school discipline management plan;
- Promote good student discipline by modelling regular attendance and punctuality;
- Comply with school policies, rules and regulations, and directives;
- Maintain an orderly classroom atmosphere conducive to learning;
- Establish open lines of communication with parents, students, and other staff members, as well as participate in meaningful parent teacher conferences;
- Encourage students to strive towards self-discipline.

A 5.2 Parent Responsibilities

For the student's success parents are encouraged to:

- Make every effort to provide for the physical and emotional needs of the student(s);
- Encourage the student's daily attendance, and promptly report absences and tardiness to the school;
- Keep informed of school policies and academic requirements of school programmes;
- Support student(s) in pertinent school-related activities/organizations;
- Be sure student(s) is/are appropriately dressed at school and school-related activities;
- Discuss school reports and assignments with student(s);
- Maintain up-to-date homework, and emergency telephone numbers and other pertinent information at the school;
- Promote high expectations for your student's behaviour, school achievement, and homework;

- Participate in school activities including parent-teacher conferences;
- Establish and maintain open lines of communication between home, school and teachers;
- Regularly check school communication and homework assignments (if applicable) on Toddle;
- Monitor the duration and nature of their children's online activities at home;
- Attend meetings deemed essential by school administration. If repeated requests are ignored, the school administration may reserve the right to prohibit the child from attending school.

A 5.3 Student Responsibilities

Student responsibilities for achieving a positive learning environment at school or school-related activities shall include (not in order of priority):

- Attending all classes, daily and on time;
- Being prepared for each class with appropriate materials and assignments;
- Being properly attired;
- Being informed and adhering to the rules and regulations established by the school;
- Exhibiting respect towards the rights and dignity of other students, staff and teachers;
- Using language which is kind, respectful and decent;
- Conducting themselves in a responsible manner;
- Refraining from libellous remarks, obscenity, and violence in verbal, physical and written expression;
- Assisting in maintaining a safe environment for all staff, teachers and peers;
- Using English and Mandarin while at school;
- Solving problems through talking and discussions;
- Obeying all school personnel, school rules, safety rules at school-related activities and on the bus;
- Conveying information to parents about academic and extracurricular requirements, school policies, and the academic progress (including Toddle posts, teacher messages, test results, report cards, etc.);
- Respectfully bringing any concerns or issues to the attention of the teachers or administrators;
- Using appropriate online etiquette.

A 5.4 Student Integrity

All homework, assignments, tests and exams are expected to represent the student's own effort. Parents may assist the student to understand assignments but should not dictate answers. All forms of cheating on tests or exams, plagiarism and other forms of deception to obtain credit without effort are universally recognized as improper conduct. Such conduct is not acceptable and marks will not be awarded for work that does not represent the students' personal effort.

A 6 EQUAL OPPORTUNITY

School of the Nations will not discriminate against anyone on the basis of race, religion, nationality or sex. Any person who has a concern regarding discrimination should bring the matter to the attention of the Director.

A 7 COOPERATIVE DISCIPLINE

At School of the Nations, we take the Cooperative Discipline approach to classroom management. This approach assists students to understand the goals of their behaviour and choose the most appropriate conduct to achieve it. Parents are invited to familiarise themselves with the principles and techniques of this model. The development of correct behaviour can best be achieved when there is close collaboration between the home and the school.

Cooperative Discipline is based on assisting students to feel **connected, contributing** and **capable**. There are a variety of ways in which we can do this both at home and at school. You will note that this is a proactive approach towards student behaviour.

Serious issues, such as bullying, and specific issues, such as uniform inconsistencies, are dealt with as part of this greater policy of ensuring students feel this sense of connection, capable and contributing members of the school family. Each stage of our procedures includes support and/or consequences and each case is considered within its context. At all times any staff member, teaching or support staff, will involve themselves immediately when issues occur. We are committed to paying close attention to our students' well-being. On the whole, our students are very happy and well behaved. Most incidents requiring behaviour management generally consist of minor reports from students involving their friends. We work with students to teach them conflict resolution techniques and the importance of listening to others and respecting their reasonable requests.

We take all issues brought to our attention very seriously and deal with them in the best way that helps all involved. School is a place where students learn many individual and group social skills. It is a place and time for them to learn what is and is not appropriate behaviour. To best help students, we always work with parents, so we will keep you informed of any concerns, expecting support and follow-up at home when serious issues are reported. In the same way we ask that parents inform us of any concerns that their child may feel more comfortable sharing at home so we are able to effectively deal with their situation at school.

A 8 STUDENT UNIFORM

We strictly enforce our uniform policy and will ask students to call or return home if their uniform is not complete or neat. Students are expected to report to school in proper school uniform.

A 8.1 School Uniform

Student uniform should always be complete and neat in appearance while coming to school, during school, and when returning home.

- Changing between casual wear and uniform is not permitted in the school.
- Special attention should be paid to ties when required.
- Any additional clothing/vests worn under the uniform should be white.
- Students are not permitted to cover their heads with hoodies while in class.
- Stained or torn items should be replaced.
- Make-up and nail polish are not allowed.
- The standard for student uniform skirt length must be “reaching the top of students’ kneecaps”. Kindly make sure the correct skirt size is purchased – keeping in mind that students grow during the year.

The uniform can be purchased from Fat Lei Retrosaria Companhia Limitada 法利洋服行有限公司 (Address: Rua de Fernao Mendes Pinto, 17 R/C, Edf. Weng Lei, 1-Andar-A, Macau. 澳門飛能便度街 (生果街) 17號永利大廈1樓A座, Tel: 2821 7362). Further information and pictures of school uniform may be sought from the School Reception.

A 8.2 Socks and Shoes (Except for Kindergarten)

- Socks are also part of school uniform, therefore they must be plain white (without patterns or logos).
- Socks need to be ankle length (knee high or bulky around ankles are not acceptable)
- Leggings are not allowed
- During winter, black stockings are allowed
- With regular school uniform: Shoes must be leather black dress shoes (Not sports style shoes, canvas shoes or ballet-style shoes).
- With PE uniform: white socks and sports shoes that are predominantly white.

A 8.3 Hair

Hair should be neat and kept out of the eyes at all times. It should be of a natural colour and not bring undue attention to the student. Students may wear bands or hair ties of black colour only.

A 8.4 Accessories and Jewellery

Excessive accessories and jewellery are not allowed. The following are acceptable:

- one simple wrist watch (no smartwatches, excessively gaudy or expensive ones)
- one religious necklace worn under the shirt and out of sight
- one pair of simple sleeper earrings or studs for pierced ears at the ear lobe (for girls only)

Other piercings, tattoos, coloured contact lenses or cosmetic items (e.g. eye lash extension of any kind, etc.) are not allowed.

A 8.5 Casual Day Dress Code

Casual dress may be worn on days allotted as "casual dress days". Students should continue to dress respectably and remember that their dress should not serve as a distraction to teaching or learning.

The following requirements should be adhered to; otherwise students will be required to change before they can attend classes:

- Students should wear neat, clean, and comfortable clothing appropriate to their age, the school setting, and the weather.
- Students should wear appropriate tops that cover undergarments and midriffs. Tank tops, spaghetti straps and halter-tops are not permitted.
- Students can wear pants, shorts, a skirt, or a dress. Shorts, skirts, and dresses must be appropriate in length. The bottom of the hem must touch the top of the student's kneecap while the student is standing upright.
- Leggings, tights and yoga pants may be worn only under dresses, skirts or shorts.
- Clothing should not be ripped, torn or have any inappropriate or offensive messages or graphics.
- Hats may not be worn inside the school building.
- The same requirement regarding hair, accessories, jewellery, make-up and nail polish still pertains.

Students should come to school in their regular uniform if they cannot follow the casual day dress code.

A 9 STUDENT ATTENDANCE

Regular school attendance increases the likelihood of student academic success, encourages students to be academically current in classes, develops student responsibility, and prepares students for attendance expectations in their future careers.

The following guidelines pertain to students:

- Students are expected to attend all classes regularly and on time.
- Students are expected to remain in the school from the time of arrival until dismissal. Students are not allowed to leave the premises at recess or lunch or any other time without permission from their Administrator. Parents can only pick their own child for lunch. IBDP students' privileges and responsibilities regarding this policy are stated in the Middle School and Secondary section of this handbook.
- Parents should try their best to arrange all medical, dental and legal appointments or family responsibilities after school hours.
- Family vacations should be arranged according to the school calendar.
- Punctuality is important. As Kindergarten and Primary students are dependent on parents to get them to school on time, we require the support of parents and families to ensure we teach this important habit to our students. Student attendance will be recorded on all formal report cards.
- In Kindergarten and Primary, attendance will be taken once a day.
- In Middle School and Secondary, attendance will be taken for every period.

A 9.1 Excused and Unexcused Absence

If students are going to be absent from school for personal reasons, parents should inform the level administrator in writing three days PRIOR to the absence. Family vacations are not considered a valid reason, as the calendar allows for many holidays, and we request that family travel plans respect the school calendar.

Students' leave may fall into the categories of excused absence or unexcused absence:

A 9.1.1 Excused Absence

Student excused absences are considered under the following circumstances:

- Student's health and safety
- Religious holidays
- Mandates by government agencies
- Grave illness/ Funeral Services of a member of the immediate family
- Other circumstances (requires the explicit written approval of the administrator)

A 9.1.2 Procedure and Consequences

- It is the parents' responsibility to inform the School Reception if the child is sick, especially of a case of contagious disease.

- Parents must inform the school by 8:30 a.m. in case of unexpected circumstances.
- If a student is absent due to sickness for more than one day (in Middle School or Secondary) and for two days or more (in Kindergarten, Special Education or Primary), a medical certificate from an authorised doctor must be submitted upon the student's return to the school. Without a medical certificate indicating the suitability to resume classes the student will not be permitted to re-join classes.
- If a student is ill during school hours the child will be sent to the school nurse. The nurse and the administrator will determine whether or not it is advisable for the child to return home. In case it is necessary for the child to return home the parents will be contacted to come pick up the child. Kindergarten and Primary students will not be allowed to return home alone.
- Application for other leaves should be submitted in writing at least three working days before the start date of the leave to the homeroom teacher or the level administrator.
- The school will inform the parents and students whether the application of leave is approved or not. In case of denial, the leave will fall into the category of unexcused absence if the student is absent from school.
- Each student is allowed to take no more than 20 days of leave in an academic year, of which unexcused absences must be no more than 3 days. The number of absent days can be an accumulation of absent periods from different school days in Middle School (140 periods including homeroom periods) and Secondary (180 periods including homeroom periods). If the attendance falls below this standard, promotion to the next level may be withheld, and the student's enrolment in the school may be jeopardised.
- All missing work must be submitted on the first day of the student's return to the school.
- All missing assessments must be taken on the first day/ in the first week of the student's return to the school, unless arranged at another time by the school.

A 9.2 Student Early Leave Procedure

To ensure that our children receive the best possible care while at school and to maintain campus safety, we kindly ask that students and parents adhere to the following early departure procedures:

A 9.2.1 Scope

These procedures apply only to students who need to leave early due to illness or personal/family matters.

A 9.2.2 Early Departure Process

- Leaving Due to Illness

Students must report to the school nurse for assessment and will only be granted leave if the nurse deems it necessary. The school nurse or reception will notify the parents or legal guardian of the child.

- Leaving for Personal/Family Matters – Advance Application

Parents or legal guardians must submit an application to the homeroom teacher or level administrator at least three working school days in advance, stating the reason for early departure. (Urgent matters will be handled separately.)

Failure to apply in advance and/or provide a reason will be recorded as an unexcused

absence. Please refer to the Student and Parent Handbook for further details.

- Important Reminders

All students must strictly follow the early departure process, even when accompanied by a parent or legal guardian. Security personnel at the school's front gate are not permitted to allow students to leave until they have received proper confirmation.

A 10 SCHOOL BUS CONDUCT AND RULES

(Note: The bus driver may make additional rules as necessary to maintain the safety of the bus.)

Expected behaviour on the school bus:

- Please remain seated and face forward in your assigned seat. Keep your hands and feet to yourself, and ensure the aisles are clear at all times.
- Engage in quiet conversations. Let's maintain a calm and peaceful environment on the bus.
- Enjoy your journey by keeping the bus clean—please refrain from eating, drinking, or littering.
- Show courtesy and cooperation by using respectful language and gestures at all times.
- Keep all body parts inside the bus, and let's keep our surroundings safe by avoiding throwing or spitting objects.
- Take care of the bus and its equipment. The emergency door is for emergencies only.
- Promote a positive atmosphere by avoiding any rough play or fighting. Encourage kindness and support among each other.
- Help maintain a peaceful environment by limiting the use of electronic devices that may disrupt others. Please avoid using games, headphones, or cell phones. Use of any type of camera to take photos of students is also prohibited.

If students are in violation of the above guidelines, the school may withdraw their access to the school bus service and no refunds of fees will be made.

A 11 BAHÁ'Í HOLY DAYS

School of the Nations is an institution founded on and guided by Bahá'í Principles. As such, a strong emphasis is placed on the development of character, attitudes that will empower the students to lead worthwhile and satisfying lives in an increasingly complex society. Specific theology, rituals or practices of the Bahá'í Faith or any other religion are not included in the school's programme.

The Bahá'í Holy Days, unlike the special days of other religions and cultures, are new and unfamiliar to many people. Most religions specify certain days of the week as well as annual holidays, which should be reserved for worship with ordinary work suspended. In the Baha'i calendar only nine days in the year are regarded as holy or sacred days during which work should be suspended. Please refer to the current published school calendar for these. Only those falling on a working day will affect the operation of the school. Each of these days is associated with major events in the lives of either Bahá'u'lláh or the Báb. Bahá'u'lláh is the author of the laws, principles and teachings of the Bahá'í Faith. The Báb challenged the religious understandings and practices of His time in order to prepare hearts and minds to comprehend and accept the teachings of Bahá'u'lláh.

Since the school observes these days by suspending its operations we feel it is important for the children to understand the significance of each date. For this purpose, we have requested that teachers prepare activities or lessons focusing on a brief history and the spiritual significance of these days while avoiding any emphasis on titles, dates, places, rituals, or dogmas. These activities should address the following objectives:

- Inspire the students with a sense of the importance of these days in the development of human society.
- Attract the students towards the performance of positive action.
- Encourage a sense of duty and responsibility for the betterment of the world.

A 12 HOMEWORK (Primary 1 to Form 6)

Homework is an important component of the teaching-learning process. Well-designed and properly-regulated homework can be very useful in a number of ways. It can help teachers to further develop and reinforce students' learning outside class hours. It provides a chance for students to check how well they have learned the materials and to identify areas for improvement.

- Homework is not just written assignments. Other types of work like reading, accessing media resources, collecting information for specific purposes, project work, etc. can also be assigned as homework. This gives students a variety of meaningful and enjoyable activities for learning in different subjects.
- Homework assignments aim at consolidating, reinforcing and validating classroom learning, and at monitoring teaching effectiveness and students' progress.
- Homework is not given as a means of punishment.
- Homework may also be self (student) assigned tasks.
- Sufficient time should be allowed for students to relax, offer service, engage in hobbies, attend social functions and outdoor activities, etc.
- Homework will be graded in the Approaches to Learning part of the report card.
- Homework assignments will be posted on Toddle for P1 to Form 6 classes.

Homework policy for the Kindergarten classes can be found under item K8 in the Kindergarten section of this handbook.

A 13 USE OF TECHNOLOGY

A 13.1 Information and Communication Technology (ICT) Acceptable Use Policy

- Students will receive and sign a policy document upon enrolling in the school. This document will remain in force as long as a student is enrolled at the school.

A 13.2 General Policy on Technology

- Kindergarten and Primary students are not allowed to bring in mobile phones to school. For Middle School and Secondary, mobile phones are not recommended and must be turned off while at school (please see section MS 3.4 for middle School and Secondary students). Should they in any way be visible to the teachers or cause a disturbance they will be confiscated. The school does not take responsibility for any loss. Students should use the school phone at the reception desk if they must communicate with their parents. In case of emergency or some specific situation, they should seek teacher's permission if they need to use their mobile phone.
- Electronic dictionaries are not allowed in examinations. It can only be used in class with teacher's permission for structured learning activities.
- E-Readers (Nook, Kindle, etc.) are only allowed at Middle School and Secondary.
- Laptop computers (please see section A 14.2 for IB students), tablets, portable media players, smartwatches and other electronic devices are not allowed.
- Students may not play music or video in the classroom except as part of planned activities.
- Students are only allowed to have earphones on when they are needed for a class activity set by the teacher.
- A student's privilege to use computers in school might be taken away if expectations for using technology are not met.

A 13.3 Special Permission on Technology

IBDP (Form 5 and Form 6) students are allowed to bring personal laptops and use them under the teacher's permission—after they sign a contract for using personal laptops in school at the start of the school year. Earphones are only allowed if needed for activities arranged by the teachers. Smartwatches and other electronic devices are not allowed.

A 14 EMERGENCY PROCEDURES

Fire drills and evacuation exercises are carried out regularly throughout the year for students and all staff members of the school. Parents visiting the school should make themselves familiar with the emergency procedures that are clearly posted in the school lobby and follow instructions from the staff.

A 15 REGULATIONS FOR TYPHOON AND OTHER SPECIAL WEATHER CONDITIONS

The Education and Youth Development Bureau (DSEDJ) has published regulations governing the functioning of schools during typhoons and rainstorms. These regulations are referred to *Appendix 01 – DSEDJ Tropical Cyclone, Rainstorm and Special Weather Condition Guidelines*. This document can also be found on the DSEDJ Website at www.dsedj.gov.mo.

If a T8 Typhoon signal or other extreme weather conditions is raised in the middle of the school day, the school will inform students and parents via Toddle and will post announcements on the school website.

In case of cancellation of school in the middle of the day, student's dismissal will be arranged and parents will be informed.

Outdoor activities during school days may be adjusted or cancelled due to high UV or bad air quality. Please see *Appendix 02 - Outdoor Activity Guideline for SON*.

A 16 PERSONAL INFORMATION AND CHANGE OF ADDRESS, PHONE OR EMAIL

It is very important for the school to have complete and up-to-date information about all the students and parents/guardians we may need to contact in case of emergency. Please make sure that the school is informed in the case of changes or additions to any of the following information by informing reception:

- Home address or telephone number
- Student government identification document (passport or ID card)
- Parents' contact details, especially mobile phone numbers and email addresses

Updating this information helps ensure that we can contact you in case of an emergency.

A 17 STUDENT HEALTH

- The use or possession of alcohol, cigarettes, e-cigarettes, or illegal drugs is absolutely prohibited. Use or possession of these substances will result in an immediate suspension from school and possible expulsion.
- The school must be informed of any regularly prescribed medication that a student needs to take regardless of whether it is taken at home or at the school.
- Students are expected to follow healthy habits of eating, sleep, and exercise in order to have the necessary energy for study and a healthy life.

A 17.1 Administration of Medication

We are fortunate to have a full-time qualified and registered nurse at the school. The nurse is not only available to meet students' immediate medical needs but also to advise the school administration on health-related issues. The nurse also liaises with external organizations and ensures that our school meets all of our medical obligations with the DSEDJ.

Parents should inform both the classroom teacher and the nurse of special health information. It is essential for the school to know of any allergies, short- or long-term health problems or medical conditions. For any allergies or regular medicines, a formal doctor's prescription/diagnoses must be provided. If your child needs specific medication during the day, it is important to communicate the administration of medication needs, accompanied by a valid prescription, to the school nurse. The school will contact you in the case of illness or injury that may require further observation at home. For this reason, it is vital that the school has up-to-date records of your telephone numbers and address(s). For the administration of medication, please complete and return the attached *Appendix 03 – Medicine Taking Form* as found at the end of this book.

A 17.2 Student Insurance

All students are required to have insurance that covers activities during the school day. All students are registered with the DSEDJ, which issues a student card. This card entitles the students with Macau I.D. cards to free health care at the government hospital and clinics. This insurance does not cover students without Macau I.D. cards. They must purchase insurance privately, or purchase it through the school.

A 18 SCHOOL PROPERTY AND EQUIPMENT

Students, parents and teachers are expected to share in the task of maintaining the quality of the building, furniture, and equipment of the school. Listed below are a few items related to the usage of the facilities that are required of every student.

- Desks and lockers (lockers only for Primary 4 and older grades) should be kept neat and tidy
- Special care should be taken when using the washrooms to keep them clean at all times.
- Paints, markers, ink, etc. should be used carefully as these can permanently damage furniture, floors, and walls.
- Ensure that papers and rubbish are placed appropriately in rubbish and recycle bins and not on the floor.
- Be prepared to reimburse the school for any damage to facilities or equipment resulting from careless or inappropriate use.

A 19 LOST AND FOUND

- Students are responsible for all personal items brought to school.
- Racks will be placed on each floor for easy access by students.
- Janitors will collect misplaced items every evening and place them on the corresponding floor rack.
- If students cannot find their lost items on the floor where they were left, they can check the racks on other floors.
- Valuable items will be kept at the School Reception.
- All unclaimed items will be moved to the storage room every Friday evening.
- A lost and found area will be set up in the lobby for parents and students to collect their missing items every Saturday from 9:30 a.m. to 12:30 p.m., excluding public holidays and Saturdays with school activities.
- Every three months, all unclaimed items will be donated or disposed of appropriately.

A 20 LEISURE ACTIVITIES

The school provides a range of leisure activities for students after school. Information regarding the range of activities is sent by letter. Students from P1 onwards are required to participate. Attendance will be recorded and reported every term in the report card.

A 21 LIBRARY ITEMS

- K1 students may check out books with their parents after school. The parents will have to open an account in the library for this.
- K2 - K3 students may check out 1 book at a time.
- Primary 1 - Primary 2 students may check out up to 2 books at a time.
- Primary 3 - Primary 5 students may check out up to 3 books at a time.
- Primary 6 - Form 6 students may check out up to 5 books at a time.
- Books not returned by the end of the year or damaged beyond normal wear and tear will have a minimum of MOP150 fine or they can replace the book with the same title.

The library is open to parents and students Monday to Friday, from 3:00 - 6:00 p.m. The library is also open on Saturdays from 9:00 a.m. - 1:00 p.m. Kindergarten students are to be accompanied by a parent or helper at all times.

Parents are also invited to open a library account. To do this, please visit the SON library after school to fill out an application. A refundable deposit of MOP500 is required. Once set up, parents may checkout up to 5 books.

A 22 WITHDRAWAL

A 22.1 Procedure

Students who wish to withdraw from school must indicate their decision by having their parents inform the school by writing to the administrator to initiate the formal withdrawal procedure.

All library items, class materials, and school belongings must be returned before the student leaves the school.

All outstanding fees, fines and damage charges must be paid before the student records are released.

Students planning to enrol in another school must present a written request for an official transcript. The administration may require up to 10 working days to process the transcript. Only after all the above procedures have been completed will the student be officially withdrawn from the school.

In the case when entrance tests to another school are required to be administered by the SON staff, the school will normally accept this extra responsibility free of charge for one school per academic year. Any additional external examinations administered by the school will incur an administrative fee of MOP1,000 per school.

A 22.2 School Fee Payment and Refund Policy

In order to facilitate resource planning and the smooth operations of the school, fees are charged on a term-wise basis and are payable according to the following schedule:

March	For current students, a portion of the 1 st term fees need to be paid as a deposit to reserve a seat Kindergarten - \$6,000 Primary - \$7,000 Middle School - \$8,000 Secondary -\$ 9,000
April	For new admissions, a portion of the 1 st term fees need to be paid as a deposit to reserve a seat Kindergarten - \$6,000 Primary - \$7,000 Middle School - \$8,000 Secondary -\$ 9,000
June	Payment of the remaining balance of first-term school fees to confirm your child's enrollment <ul style="list-style-type: none">• 50% of this payment is refundable if notice is given before 15 August
October	Payment of second-term fees
February	Payment of third-term fees

PLEASE TAKE NOTE OF THE FOLLOWING:

- Unless otherwise stated, payments are non-refundable or transferrable.
- Failure to pay the requisite fees by the aforementioned deadlines will result in either the

cancellation of your child's enrollment or there will be an administrative fee of MOP\$100 for each additional default payment via autopay.

- It is not possible for a student to attend class until the payment for that term has been received.
- The school only accepts payment via autopay from a Tai Fung Bank account.

FOR NEW STUDENTS ENROLLING DURING THE ACADEMIC YEAR

Fees are calculated on a pro rata basis from the date a place is reserved for the student in the school.

A 24 COMMUNICATION - Toddle

Effective communication between home and school is essential to a child's education. The following will assist you in identifying where information may be found. The school website has a wide range of information about our programs and announcements for your perusal. The school also has other social media accounts that you can subscribe to for real time information about activities and special announcements.

A 24.1 Toddle

Toddle is a digital learning management system for schools, enabling communication and collaboration between teachers, students, and parents. Accessible through smartphones and computers, it allows the school and its teachers to easily share messages, photos, assessments, important announcements and homework deadlines to students and parents. Using Toddle, parents can easily keep up to date with what is happening at school and in the classroom; directly communicate with teachers, support their child's learning process, and become fully engaged in the school community.

Family Toddle accounts are tied to their child's/children's student accounts. Besides email and phone calls from the official school email address/phones, Toddle is the only official tool of communication between school and home. The school does not recognise nor encourage using other methods such as WhatsApp, WeChat as official communications from staff representing the school.

A 25 DATA PROTECTION POLICY

Among the most important assets of School of the Nations and the Badi Foundation, is the trust and confidence placed in us to properly handle information. We are responsible to maintain information accurately, protected against manipulation and errors, secure from theft and free from unwarranted disclosure.

For the school to operate smoothly, by way of enrolment, parents give permission for their child/children to use and be included in online learning, communications, and educational management platforms required by the school, both during normal operations and during any periods of distance learning that may require additional tools. Further, permission is granted for the child's photographs, videos, and non-sensitive personal data to be shared on Toddle and to be used by the school for all informational, educational, or promotional purposes.

As our data protection policy is updated frequently, please visit our website to view the latest version: <https://schoolofthenations.com/dataprotectionpolicy>.

A 26 PARENT ENGAGEMENT

A 26.1 Parent Orientation

An orientation session will be provided to parents and students at the start of the academic year with information specifically about the students' classroom, year level and specialist lessons. Details of different presentations and meeting times will be specified in parent packages sent by the different departments of the school prior to the start of the academic year.

A 26.2 Parent Visit Days

To foster greater collaboration between teachers and parents, we warmly invite parents to attend Parent Visit Days for your child's class. These opportunities are designed to provide you with occasions to see your child's class in action and observe a typical lesson being carried out.

So as not to disturb the regular school day activities or the classes, we will be limiting the number of parents on each occasion but will provide continuous opportunities throughout the school year so as many parents as possible can take advantage of this opportunity. We appreciate your assistance in adhering to the guidelines that are announced by each department independently, to make these visits successful for the entire community.

A 26.3 Parent Volunteers/Involvement

Our parent population is extremely rich in experience and culture and we recognise that students benefit greatly from this. We welcome and encourage parents' input. These are just some of the ways in which you can participate:

- Parent visit days
- Performances and assemblies
- Field trip support
- Event/activities planning
- Coffee mornings
- Book clubs
- Workshops and presentations
- Help out in the library

This is not an exhaustive list. If you have time to spare and an idea of how you might help, please contact your child's administrator.

A 26.4 Protocol for Raising Concerns with the School

The School exerts a great effort in working with members of the school community (Students, Parents, Guardians, staff members and like-minded individuals and organisations) collaboratively. Therefore, effective communication and clear protocol for the members of the school community to express issues and concerns play an important role in both ensuring the

safety of the students and other members, as well as for the further refinement of the quality of the programmes, where all members of the school community are treated in a fair and respected way.

Should any issues or concerns arise, the first port of call should be your child's teachers, as they are most often in the best position to assist. If, however, you feel you would like to meet with the relevant administrator, please make an appointment through the school reception. If you still feel that the issue is not resolved, you may make an appointment to see the Deputy Director. Appointments can also be made with the Director of the School as the final step in resolving issues with the school. Please note that the school and Bádi Foundation will not respond to or address any anonymous communications.

The school has a Parent Engagement Coordinator who can be approached by individual parents with feedback, comments, and concerns. The coordinator can be reached by calling the school's reception or writing an email to parentcoordinator@schoolofthenations.com.

Please note the following principles in handling issues raised by the members of the school community:

- The School strongly believes in the principles of Equity and Justice, and seeks to interact with all concerned with respect.
- Should an issue raised be related to the interaction between a staff member and a student, the School will always try its very best to ensure that professionalism is exercised and the relationship between the staff member and the student is protected.
- Mediation between members concerned will be considered at any point should the school feels its necessity.
- The School will seek to protect the confidentiality of those concerned. This takes priority and may result in the School not sharing details of actions taken in order to protect the privacy students or concerned staff.
- The School views consequences as a tool to support the modification of behaviour and support the moral, emotional or intellectual growth of those concerned. Consequences are not used to be punitive, or should never belittle or demean anyone.
- The School will only share information and contents of the issues raised with the members involved with high confidentiality. However, the School is not in control of other individuals sharing related information and contents with other parties.
- Issues raised will start to be addressed within three (3) working days, however, the length of time needed for results or preliminary steps to be shared with the individuals who raised the issue may take up to two weeks. Urgent matters are dealt with according to a more immediate timeframe.

A 27 REPORT CARDS AND GRADING SYSTEM

Report cards are issued three times a year to inform parents and students of their continuous progress in the grade level.

The school prepares a hard copy, summary report card for each student every term. This can be collected at the front desk after the end of every term. The summary report card shows academic grades, absences, and number of times/days a student has been tardy and report on leisure activities. This is part of their permanent academic record and additional certified true copies can be made available upon request, with a fee.

In addition, a detailed report card, which lists the specific skills covered in each term for K1 to Form 4, is available from the school website during the academic year, until it is permanently removed on July 31 of each academic year. From August 1 onwards, the school keeps no record (paper or electronic) of this detailed report card. Should parents wish to keep a record of this detailed report card, they must download and save a personal copy before July 31 of that academic year.

During the year there will be two Parent-Teacher Conference Days and some afternoon Conferences for Middle School and Secondary. These opportunities are for parents to consult with their child's teachers regarding their child's progress or other concerns.

The following tables include descriptors for the Academic Performance Levels and the Approaches to Learning for Kindergarten, Primary-Middle School-Secondary and Special Education used in the current report cards. F5 and F6 report cards are of a different format.

A 28 SCHOLARSHIP

Every year School of the Nations offers a limited number of scholarships to selected students. Scholarships vary in amount and each case is considered separately. A scholarship application package may be obtained from the school reception, where it should be submitted once completed. It will then be reviewed by the Scholarship Committee. If further information or details are required the committee will contact the parents directly.

A 29 MONETARY AND OTHER DONATIONS TO SCHOOL

The school accepts and greatly appreciates the support of the wider community in whatever form it is given. High quality education requires continual and significant investment, and financial support from other institutions and individuals ensures that the school can deliver the same.

Parents, individuals, and institutions may make any monetary contribution they choose and may also earmark it for specific initiatives. The school will deploy those funds as directed.

A 30 REFERENCE LETTERS AND FORMS

All requests of student reference must be applied in writing to the school reception or the administrator. The school will only communicate with other school admission offices, school administrations and government agencies. The school will provide two references for free.

Requests for reference letters for university application purposes should directly go to the University Guidance Counsellor or the IBDP coordinator.

A 31 EMERGENCY CONTACT

From time to time, accidents or emergencies will occur. If a child is ill or has a minor accident, contact will be made with the parents. If the accident is serious, the child will be sent to hospital immediately and parents advised accordingly. Please keep the school informed of any changes of address or phonenumber. At the start of the year, the school sends home a medical release form which must be filled and signed by parents/legal guardians.

DEPARTMENTAL SECTION

KINDERGARTEN

K 1 GENERAL INFORMATION

K 1.1 School Attendance

Please refer to Section A9 regarding the general policy on student leave and leave application.

Punctuality to school is important. Kindergarten students are dependent on parents to bring them to school on time and so we request the support of parents and families in ensuring that they are on time. The teacher will mark students arriving to class tardy and this will be stated in the report card.

K 1.2 Field Trips

At the beginning of the school year, a general consent form will be sent home for parents to sign for their children to participate in field trips. During the first month of school, the field trips planned for the whole school year will be sent home. We welcome the participation of parents, as assistants to the class teachers, in accompanying the classes on these trips. If you are interested in supporting these field trips, please let your child's class teacher know in advance. In case of bad weather, or extenuating circumstances, we might have to cancel the field trip. If it is possible to reschedule the trip, then the teacher will inform you. Please note that no helpers/maids are allowed on the field trips.

Students should remember that as participants in the school organised trips, they are always representatives of the school. As such, they are expected to abide by the school rules, to follow appropriate standards of behaviour and appearance, and to demonstrate concern for the well-being of others.

K 1.3 Children's Diet

The school aims to provide balanced meals and snacks for its students. We would appreciate your cooperation in making sure that the children do not bring any snacks to school.

K 1.4 Lunch Options

The school offers two lunch options:

School Lunch: The school will provide a nutritious lunch. If the child is having school lunch no other food should be brought from home.

Home Lunch: Children should carry lunch with them in the morning when they come to school. Lunch cannot be delivered to school at any other time.

K 1.5 Birthday Celebrations

We are very happy to help celebrate your child's special day at school with their friends and teachers. To maximize student instruction time, we kindly request that you send cupcakes instead of a whole cake. This allows for easier distribution and enjoyment during the celebration. Please inform your child's teacher at least a week in advance. Additionally, the

cupcakes should be delivered to school before 11:00 a.m. on the day of the celebration.

K 1.6 Items Which Need to be Kept at School

- K1 A pillow & a small blanket for nap
- K1, K2 & K3 Indoor shoes: All students need a pair of white running shoes with Velcro fasteners (no laces) to be worn inside the school building. The shoes should be fully white with no embellishments or colour. Please see sample images below.

K 1.7 Items Which Need to be Kept in the School Bag

- A set of spare uniform, underwear and socks in case of accident.
- A water bottle, clearly labelled with your child's class and name.

K 1.8 Toys and Valuables

Students should not bring toys or other valuables to school except for educationally related activities approved by the teacher.

K 1.9 Uniform

- The school uniform should always be neat in appearance while coming to school, in school or returning home.
- Stained or torn items should be replaced.
- Please do not mix different season's uniforms.
- Please label all uniform pieces with your child's name.
- Any additional clothing/vests worn under the uniform should be white.

Socks

Please note that socks are also part of school uniform, therefore they must be:

- White
- Plain (without patterns)
- Ankle length (knee high or bulky around ankles are not acceptable)

Shoes	Running shoes of any kind, with Velcro fasteners (no laces)
Jewellery	No jewellery is permitted except a small and simple religious symbol if it is part of a family's religious practice.
Hair	Dyed hair is not permitted. Girl's hair, if longer than shoulder length, must be tied back with black coloured ribbons, hairclips or head bands. Boy's hair must be cut in a conservative style.

K 2 SCHOOL DAY PROCEDURES

K 2.1 School Hours

The Kindergarten school timings are from 8:25 a.m. to 3:00 p.m.

K 2.2 Arrival

- Students may enter the building at 8:25 a.m. K1 parents may walk their child to the garden gate and hand them over to the staff on duty. K2 and K3 parents and guardians are requested to wait outside the main gate.
- All Kindergarten students should be at school no later than 8:35 a.m. to prepare themselves and be ready in time for class. Students arriving after 8:35 a.m. will be marked late.
- To ensure safety, please do not leave your child unaccompanied.
- For students who arrive after 8:35 a.m., parents are requested to bring them to the school lobby.

K 2.3 Dismissal

- Students will be dismissed at 3:00 p.m. from the classroom. Parents should be prompt in picking up their children at dismissal.
- Please note that the school issues two student pick-up cards. Your child will be released in the care of the person who presents the card to the teacher. **Parents are also required to bring the pick-up card when they come to collect their child. Please ensure that if the card is lost, you inform the school immediately. The school will not issue another pick-up card if it is lost.**
- Parents and guardians may enter the building to pick up their children only after presenting a pickup card. Each card allows entry for one person only.

The school reserves the right to make photocopies of any ID cards.

K 3 ACADEMICS

K 3.1 Report Cards and Parent/Teacher Conferences

School of the Nations' Kindergarten Section issues three formal, written report cards per academic year. The summary report card can be collected at the front desk. The report cards show academic grades, absences, and number of days a student has been tardy. During the year there will be two Parent - Teacher Conference Days. These opportunities are for you to consult with your child's teacher regarding his or her progress and other concerns you may have regarding your child.

K 3.2 Homework

Homework is assigned at K2 and K3 only. Three times a week is English and two times a week is Chinese. Homework is something that the child is familiar with, a reinforcement of what is being taught in the class. It also develops in children the habit of regular independent work. Homework should be completed and returned to school the next day.

DEPARTMENTAL SECTION

PRIMARY

P 1 GENERAL INFORMATION

P 1.1 School Attendance

Please refer to Section A9 regarding the general policy on student leave and leave application.

Punctuality to school is important. Primary students are dependent on parents to bring them to school on time and so we request the support of parents and families in ensuring that they are on time. The teacher will mark students arriving to class tardy and this will be stated in the report card.

P 1.2 Electronic Equipment

Students are not permitted to bring mobile phones, earphones, music players, CD players, electronic dictionaries, electronic readers (e.g. Kindle), electronic games, or smart watches to school.

P 1.3 Toys and Valuables

Students should not bring toys or valuables to school except for educationally related activities approved by the teacher.

P 1.4 Field Trips

At the beginning of the school year, a general consent form will be sent home for parents to sign for their children to participate in field trips. Field trips are designed to reinforce the lessons and topics being studied and enhance student's learning on all levels, and will take place regularly during the year. These trips will be rich in language acquisition experiences. We welcome the participation of parents, as assistants to the class teachers, in accompanying the classes on these trips. If you are interested in supporting these field trips, please let your child's class teacher know in advance. In case of bad weather, or extenuating circumstances, we might have to cancel the field trip. If it is possible to reschedule the trip, then the teacher will inform you. Please note that no helpers/maids are allowed on the field trips.

Prior to any field trips, parents will be informed of the date of the trip, the purpose, location, travel arrangements and any other pertinent information.

Students should remember that as participants in the school organised trips, they are always representatives of the school. As such, they are expected to abide by the school rules, to follow appropriate standards of behaviour and appearance, and to demonstrate concern for the well-being of others.

P 1.5 Morning Snack

Students should finish breakfast before coming to school. Students should be provided with a healthy and simple snack from home to enjoy mid-morning during morning recess. Snacks should be healthy and tidy to eat. Teachers can judge the appropriateness of the

snacks. The school suggests snacks such as: fruits, nuts and cheese. Students should not be sent to school with chips, chocolates, fizzy drinks, sweets or candies.

P 1.6 Lunch Options

The school offers two lunch options:

- School Lunch: The school will provide a nutritious lunch. If the child is having school lunch no other food should be brought from home.
- Home Lunch: Children should carry lunch with them in the morning when they come to school. Lunch cannot be delivered to school at any other time.
- Primary students are required to stay at school for lunch, unless parents informed homeroom teachers by 8:00 am on that day. Then a parent can sign them out during lunchtime at the front desk. Parent also need to make sure student come back to the class at 1:20 pm.

P 1.7 Birthday Celebrations

We are very happy to help celebrate your child's special day at school with their friends and teachers. However, to maximize student instruction time, we request that you send cupcakes instead of a whole cake. This allows for easier distribution and enjoyment during the celebration. Kindly notify your child's teacher at least two days in advance. The cupcakes should be delivered to school before 11:30 a.m. on that day.

P 1.8 School Supplies

- Students are expected to bring with them each day common school supplies; pens, pencils, coloured pencils, erasers, scissors, textbooks, and notebooks. A complete list is provided at the beginning of the academic year. Supplies should be replenished by the parents throughout the year so that the student need never be without supplies.
- Students should also have a refillable water bottle with them at all times. Spray bottles are not allowed. Water is available from the water dispensers throughout the school.

P 1.9 Gum and Candy

Due to the effect large doses of sugar have on behaviour, students are strongly discouraged from eating candy during school hours. Students are not allowed to bring or chew gum at school or during school activities.

P 1.10 Safety

Cutter, knives and X-Acto knives, and other dangerous instruments are not allowed at an time.

P 2 SCHOOL DAY PROCEDURES

P 2.1 Arrival

- Students may enter the school building at 8:10 a.m. and line up in the courtyard.
- Parents and guardians are asked to wait outside the main gate.
- Students will be allowed into the school building at 8:15 a.m.
- All Primary students should be at school no later than 8:25 a.m. to prepare themselves and be ready in time for class. Students arriving after 8:25 a.m. will be marked late.

P 2.2 Dismissal

- Students will be dismissed from the classroom. Parents should be prompt in picking up their children at dismissal.
- Please note that the school issues two student pick-up cards. Your child will be released in the care of the person who presents the card to the teacher. **Parents are also required to bring the pick-up card when they come to collect their child. Please ensure that if the card is lost, you inform the school immediately. The school will not issue another pick-up card if it is lost.**
- Primary 4 and Primary 5 students may walk home on their own if written consent is given by the parents.

P 3 ACADEMICS

P 3.1 Report Cards and Parent/Teacher Conferences

School of the Nations' Primary Section issues three formal, written report cards per academic year. The summary report card can be collected at the front desk. The report cards show academic grades, absences, and number of days a student has been tardy. During the year there will be two Parent - Teacher Conference Days. These opportunities are for you to consult with your child's teacher regarding his or her progress and other concerns you may have regarding your child.

The first Parent- Teacher conference is a student-led conference and provides students the opportunity to share with parents what they have been learning and to lead and take ownership for their learning. These opportunities are also for you to consult with your child's teacher regarding his or her progress and other concerns you may have regarding your child.

P 3.2 Term Mark and Exam Mark Weightage (Primary 4 and Primary 5 only)

- Term 1 coursework mark: 30%
- Term 2 coursework mark: 30%
- Mid-Year Assessment: Has its own passing criteria
- Term 3 coursework mark: 30%

- Final Exam: 10%

P 3.3 Promotion Standards

Performance standards are established based on the skills outlined in the school's curriculum for each year level. Students are taught and monitored as they acquire these skills and progress towards the expected standards. Students' achievements are assessed continuously, and the information is communicated to the parents on SONIS.

Students of Primary 5:

The passing mark for each subject is 3. Students cannot fail more than two subjects in order to be promoted to the next grade level. Each of the following is regarded as a failure in a subject:

- Yearly accumulated grade is lower than a 3 (out of 5) in the "Academic Performance Level"
- A "D" is attained in the yearly average in any of the four elements of the "Approaches to Learning"

Should a student not meet the passing requirement of a grade level, no supplementary examinations will be arranged and therefore the student will be retained in the same grade level in the following academic year.

DEPARTMENTAL SECTION

**MIDDLE SCHOOL
&
SECONDARY**

MS 1 INTRODUCTION

Learning is an active process that cannot be imposed on an individual. Middle School and Secondary students at School of the Nations are expected to take responsibility for their own learning. With the assistance of the teachers and staff it is the student's responsibility to find the fullest advantage of the opportunities open to them at the school.

MS 2 EDUCATIONAL PROGRAMME

MS 2.1 Overview

The academic programme of School of the Nations is designed to offer a well-rounded experience to all students. By the time students finish Form 4 they are expected to progress in the areas of English Language and Literature, Chinese Language, Mathematics, Sciences (Biology, Chemistry and Physics), Humanities, Computer Science and the Arts, and sit for the Cambridge IGCSE (International General Certificate of Secondary Education) examinations. At Form 5, the students begin the first year of a two-year International Baccalaureate Diploma Programme (IBDP). At all levels the medium of instruction is English while strong emphasis is placed on learning Mandarin.

MS 2.2 Marking

Coursework is generally given more weightage than examinations. Coursework is a combination of classwork, assignments, projects, quizzes, and short tests. There is a Mid-Year Assessment and a Final Examination. Marks depend on the standard and regularity of all work completed during the year. From Primary 6 to Form 4, students are graded on skills acquired on a 1 – 5 scale. At Forms 5 and 6, the IB Diploma Programme is marked on a separate 1 – 7 scale, with comments from the individual subject teachers.

MS 2.3 Reporting in Form 5 and Form 6 (IBDP Year 1 and Year 2)

The School's grading system for the IB Diploma Programme uses a scale from 1 to 7. Approaches to Learning are assessed using an A to D scale. The rubric for F5 and F6 report cards is provided below.

- Final Exam: 16%

Form 4 and Form 6 (out of 100)

- Term 1 coursework mark: 30%
- Term 2 coursework mark: 30%
- Mid-Year Exam: 15%
- Final Exam: 25%

* No exams for Physical Education

* No term or exam grades for Character Education (Moral Empowerment Through Language and Preparation for Social Action)

MS 2.5 Final Exam - End of the Year

- The exam timetable will be made available to students two weeks prior to the start of exams
- Teachers will create a list of content or a study guide for students for each subject; and it will be put on Toddle about three weeks prior to the exam.
- The week before the final exam is mainly for revision. No tests, quizzes or projects will be given during the revision period.
- Inclusive students may have specific accommodation for their exams based on their IEP's and this will be done in collaboration between the subject and inclusive teachers.
- Students in Middle School and Secondary will not have classes during the examination period. They only come to school to write TWO 2-hour exams on most of the days and only ONE on some days during this period.

- The final examinations for Form 4 and Form 6 serve as the mock examinations for the IGCSE and IBDP respectively.

MS 2.6 Promotion Standards

MS 2.6.1 Promotion Conditions: Primary 6 to Form 4

Students cannot fail more than 2.5 subject points in order to be promoted to the next grade level. The allocated weightage to subjects is as follows:

- 1 subject point: English
- 1 subject point: Mathematics
- 1 subject point: Chinese
- 1 subject point: Any Science subject
- 1 subject point: Any Humanity subject
- 1 subject point: STEM, Computer Science or ICT
- 0.5 subject point: Any Arts subject
- 0.5 subject point: Physical & Health Education
- 0.5 subject point: Mid-Year Project

Each of the following is regarded as a failure in a subject:

- Yearly accumulated grade is lower than a 3 (out of 5) in the “Academic Performance Level”
- A “D” is attained in the yearly average in any of the four elements of the “Approaches to Learning”

Should a student not meet the passing requirement of a grade level, no supplementary examinations will be arranged and therefore the student will be retained in the same grade level in the following academic year.

MS 2.6.2 Promotion Conditions: Form 5 and Form 6 (Years 1 and 2 of the IB Diploma Programme)

Form 5 Students whose total score is 23 points or above in the six IB Subject Groups will be promoted to the next level, along with:

- a minimum final mark of a “C” and an approved comprehensive draft of the Extended Essay
- a minimum final mark of a “C” in Theory of Knowledge (TOK) and a completed TOK Exhibition
- satisfactory completion of CAS (Creativity, Activity & Service) activities
- a total of 12 HL points for students who are on the full diploma track
- no grade 2 or lower in any Higher Level (HL) subject
- the grade for project week must be a 3 or higher

- a minimum final mark of a “C” in all Approaches to Learning for every subject

To graduate from Secondary at the end of Form 6, students must gain 23 points or above in the six IB Subject Groups, along with:

- a minimum final mark of a “C” and an approved final Extended Essay
- a minimum final mark of a “C” in Theory of Knowledge and an approved TOK Essay
- satisfactory completion of CAS (Creativity, Activity & Service) activities
- a total of 12 HL points for students who are on the full diploma track
- no grade 2 or lower in any Higher Level (HL) subject
- a minimum final effort mark of a “C” in all Approaches to Learning for every subject

Should a student’s academic performance fall below standard, the school reserves the rights of not registering a student for the full diploma track.

Should a student not meet the passing requirement, no supplementary examinations will be arranged and therefore the student will be retained in the same grade level in the following academic year.

MS 2.7 Diplomas and Certificates

Students who successfully graduate from Primary 6, Form 3 and Form 6 are issued Diplomas (as designated by the Government).

- Primary 6 – Primary Education Graduation Certificate
- Form 3 – Junior Secondary Education Graduation Certificate
- Form 6 – Senior Secondary Education Graduation Certificate

School of the Nations adopts a number of rigorous international programmes in the Secondary section; students may receive the following qualifications:

- Form 3 and Form 4 – Cambridge Assessment: International General Certificate of Secondary Education (IGCSE)
- Form 6 – International Baccalaureate (IB) Diploma and/or Certificate

MS 2.8 Class Schedules

The daily schedule for Primary 6 to Form 6 students for this academic year are published and distributed on the first day of school.

MS 3 EXPECTATIONS FROM STUDENTS

Positive and cooperative behaviour is expected of every student at School of the Nations.

Students should strive for courtesy and respect in all aspects of their life and be impeccably honest and truthful. We view truthfulness as the foundation of all human virtues. Each student is a representative of the school. The image of the school and the reputation of fellow classmates is enhanced or damaged by the behaviour of individual students. For greater clarity some major areas are discussed below.

MS 3.1 Language

- Students are expected to use only English or Mandarin while at school
- Language should be decent, respectful and kindly
- Vulgar language, threatening language, and name-calling are not allowed

MS 3.2 Relationships

- Students are encouraged to form a large number of friendships
- Demonstration of boyfriend/girlfriend relationships through hand-holding, embracing, or other affectionate behaviour is not allowed while in school uniform
- Intimidation, sexual harassment and abusive language are absolutely prohibited
- Students are expected to encourage one another and be a positive influence on each other

MS 3.3 Safety

- Air guns, knives and X-Acto knives, and other dangerous instruments are not allowed at any time.
- Steel tipped shoes, large belt buckles or similar elements are not allowed at any time.
- Fighting is, of course, absolutely prohibited.

MS 3.4 Use of technology/Electronic devices

- Students are reminded that they have signed an ICT Acceptable Use Policy to which they must continue to adhere
- Teachers will monitor the students' activities during school hours to ensure online safety.
- Students are NOT allowed to use mobile phones without teacher permission and supervision. If mobile phones are brought to the school, they will be locked up in designated places in Middle School, Form 3, and Form 4, until the end of the school day. Students in Form 5 and Form 6 are allowed to use their mobile phones only upon a teachers' request for structured class activities with clear planning. Mobiles phones used improperly will be confiscated and given to the school reception for their parents' retrieval. The school does not take any responsibility for any damage or loss of personal items.

- Smart watches are not allowed for students. If found, they will be stored in the phone boxes in Middle School, Form 3, and Form 4, and must be put away in Form 5 and Form 6.
- Black-and-white E-Readers (Nook, Kindle, etc.) are allowed for the purpose of reading.
- Individual music or video is not allowed in classrooms. If music and videos are to be used as part of a structured learning tool, it must be for the whole class and with teacher's permission.
- IB students (Form 5 and Form 6) are allowed to bring personal laptops and use them with the subject teachers' permission for class related reasons and following the ICT Acceptable Use Policy. The Administrator or DP Coordinator may remove this privilege from the students who use their laptops in any other situation that is unrelated to a specific lesson, subject or school work.
- A student's privilege to use computers in school might be taken away if expectations for using technology are not met. The level administrators will inform the teachers involved once this decision is made.
- Damage to school electronic devices will incur a charge to the student.
- All students are prohibited from engaging in inappropriate conversations online and distributing pictures and other materials.
- Parents are strongly advised to monitor the students' activities and time spent on social media and other electronics outside of school.

MS 3.5 Conflict Resolution

- Students are expected to reflect on their own actions. This can be through writing a reflection sheet or in consultation with teachers.
- Problems are mainly to be solved through consultation and discussion among the concerned parties.
- Students, teachers, administration, and parents are involved in the process of resolving problems and conflicts.
- All parties need to listen to each other with respect, and express openly, but kindly, the issues that bother them.
- When necessary, students may be asked to reflect on their actions with the help of a teacher. This can be done either during a recess, or after school hours.

MS 3.6 Integrity

- Copying of homework, assignments or test papers is not allowed. Copied work will not receive a grade and may result in a "D" in the Approaches to Learning grade on the report card in P6 to F4.
- Cheating, malpractice and plagiarism will be dealt with severely, and the assignment will not receive a grade. In addition, it may lead to reporting to the relevant authorities in the case of international examinations.
- Students play a central role in their progress, and hence if a student needs additional assistance to understand lessons or assignments, it is their responsibility to seek help from the teacher concerned.

- Truthfulness and honesty are expected at all times. Stealing and lying could lead to suspension and possible expulsion.
- Students are expected to be helpful, courteous and cooperative with each other and with the school staff.
- School property as well as the property of classmates is to be respected at all times.
- Students must pay for school properties that are wilfully damaged and equipment that is misused.

MS 3.7 Academic Honesty

“Truthfulness is the foundation of all human virtues...” The students at School of the Nations must uphold a high standard of academic honesty and integrity. Students are prohibited from cheating, lying, plagiarising, or committing other acts of academic dishonesty. The well-being of the entire school community depends on the student accepting responsibility for personal conduct in both social and academic endeavours.

Students must produce work representative of their own efforts and abilities. They should refrain from even attempting to show knowledge and skills they do not possess and claiming it as their own.

Students and staff of the school must be fully aware of the fact that academic dishonesty undermines the purposes of education and denies the students’ right to personal and academic integrity. Upholding these standards and promoting academic honesty is the responsibility of the whole school community in order to nurture a positive and meaningful academic environment. Students must be fully informed that teachers, administrators, and parents/guardians will hold them accountable for any act of academic dishonesty.

MS 3.7.1 Consequences

School of the Nations intends to help students to learn from mistakes and not exhibit dishonest behaviour in the future through the use of consequences. Violations of academic honesty are cumulative during the student’s entire attendance at the school. Consequences will include:

- Teacher will assign zero for the work in question, and the student must re-submit the work even though no grade will be given
- Teacher will submit a referral to the level administrator
- Teacher or administrator will contact parent/guardian regarding the incident
- Administrator will file the incident into the student's record into the school’s Student Information System.

The following are also consequences which may also apply:

- Administrator may inform relevant external exam bodies like the IGCSE or the IB
- Administrator may suspend student’s membership in any school sport team or opportunity of representing the school in other activities
- Conference will be held with the parent/guardian and student.

MS 3.7.2 Use of TURNITIN

Students and teachers will regularly use www.turnitin.com as a tool for ensuring originality of student work, both self- and peer-assessment.

Please refer to the school's **Academic Integrity Policy** for more details.

MS 3.8 Learning Environment

To maintain an appropriate learning environment, students should note the following:

- Respect their immediate physical environment. This requires a high level of cleanliness, self-control and selflessness. The environment is shared by all and is not owned by any one individual.
- Students are expected to bring with them all required elements such as books, note paper, calculators, pencils, pens, etc.
- Within the classroom, students may only store their items in their backpacks – nothing is to be kept in desks
- Students are expected to keep their desks and areas surrounding them clear of materials except for those needed for the current lesson.
- Lockers are to be used for storage of students' materials and personal items.
- Electronic music players, electronic dictionaries, unauthorised electronic devices, toys, entertainment magazines, pornographic materials, etc. are not allowed.
- Trading cards and standard deck of 52 playing cards are not allowed.
- Litter is to be placed in appropriate receptacles.
- Chewing gum is not allowed.
- Eating or drinking in school is permitted only in the cafeteria, unless specified otherwise by the school.
- Students should also have a refillable water bottle with them at all times. Spray bottles are not allowed. Water is available from the water dispensers throughout the school.

MS 4 STUDENT ASSISTANCE

Middle School and Secondary students should not only be concerned with their academic development, but should also be actively engaged in developing themselves as individuals and members of a community. They will confront and resolve many issues on a daily basis. Some of these issues have to do with studies, understanding of self, family, society or relationships. School of the Nations provides many opportunities for them to discuss any questions, concerns or problems. Students may bring any issue to, or seek help from:

- Any teacher they have confidence in
- The school social workers and counsellors
- The Student Support System
- The administrators
- The school director

MS 5 DETENTION, PROBATION, SUSPENSION AND EXPULSION

Students who deviate significantly from the norms expressed in this handbook will be assisted to review and modify their conduct. This assistance will begin with advice and counsel, and through the steps discussed under Conflict Resolution. If the inappropriate behaviour continues, other means may be used including requiring the student to carry out different types of special tasks/projects that can help them to reflect on their actions/words, detention, arranging a **behaviour or probationary contract**, or being placed under short-term suspension. If the behaviour is seriously affecting other students or the image of the school and does not improve, withdrawal of the enrolment will be considered.

MS 5.1 Consequences

Middle School and Secondary students are required to attend detentions or suspension during the week for disciplinary measures with the approval of the level administrator.

Students may be summarily expelled from the school without notice or compensation for the following:

- Intimidation
- Online bullying
- Violent and/or dangerous behaviour
- Gang related activities
- Sexual harassment
- Use, sale or distribution of illicit drugs, cigarettes, vapes or alcohol
- Theft

The school director in consultation with the administrative team will decide cases on an individual basis.

MS 5.2 Probation

If a student's academic progress or behaviour falls below satisfactory and is of significant concern, he/she may be placed on a behaviour or probationary contract. The behaviour or probationary contract itemises specific areas of concern, sets expectations, and places the student's continued enrolment on a conditional basis with a probation contract. Failure to meet the conditions of the contract could ultimately result in a student being asked to leave the school.

MS 6 THE CAMBRIDGE ASSESSMENT - INTERNATIONAL GENERAL CERTIFICATE FOR SECONDARY EDUCATION (IGCSE)

The students in Form 3 and Form 4 are being prepared for 8 to 9 IGCSE syllabi and the corresponding examinations.

Compulsory Syllabi:

- 0457 Global Perspectives
- 0475 Literature in English (Conditions applied)
- 0500 First Language English (Oral Endorsement)
- 0580 Mathematics (Without Coursework)
- 0610 Biology
- 0620 Chemistry
- 0625 Physics

Elective Syllabi based on Students' ability and/or preferences:

- 0400* Art and Design
- 0410* Music
- 0411* Drama
- 0455* Economics
- 0452* Accounting
- 0509^ First Language Chinese
- 0523^ Chinese as a Second Language
- 0547^ Foreign Language Mandarin Chinese
- 0478# Computer Science
- 0417# Information and Communication Technology

* ONE of the syllabi 0400, 0410 and 0411 must be taken

^ ONE of the syllabi 0509, 0523 and 0547 must be taken

ONE of the syllabi 0478 and 0417 must be taken

All students in Form 4 must attend the IB Orientation and fulfil related assessments during the last two weeks of the academic year as one of the requirements to pass Form 4 and be admitted to the IB Diploma Programme in Form 5 at School of the Nations.

MS 7 THE INTERNATIONAL BACCALAUREATE DIPLOMA PROGRAMME (IBDP)

The International Baccalaureate (IB) Diploma Programme (DP) at School of the Nations is a challenging two-year curriculum, primarily aimed at students aged 16 to 19.

It is an internationally recognized, academically challenging and balanced programme of education that prepares students for success at university and life beyond.

It leads to a qualification that is widely recognized by the world's leading universities.

The Diploma Programme prepares students for effective participation in a rapidly evolving and increasingly global society as they:

- Develop physically, intellectually, emotionally and ethically.
- Acquire breadth and depth of knowledge and understanding, studying courses from 6 subject groups.
- Develop the skills and a positive attitude toward learning that will prepare them for higher education.
- Study at least two languages and increase understanding of cultures, including their own.
- Make connections across traditional academic disciplines and explore the nature of knowledge through the programme's unique theory of knowledge course.
- Undertake in-depth research into an area of interest through the lens of one or more academic disciplines in the extended essay.

Enhance their personal and interpersonal development through creativity, activity and service.

MS 7.1 IB Mission Statement

The International Baccalaureate aims to develop inquiring, knowledgeable, and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

MS 7.2 IB Learner Profile

The aim of all IB programmes is to develop internationally-minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world. IB learners strive to be:

Inquirers

They develop their natural curiosity. They acquire the skills necessary to conduct inquiry and research and show independence in learning. They actively enjoy learning and this love of learning will be sustained throughout their lives.

Knowledgeable

They explore concepts, ideas and issues that have local and global significance. In so doing, they acquire in-depth knowledge and develop understanding across a broad and balanced range of disciplines.

Thinkers

They exercise initiative in applying thinking skills critically and creatively to recognize and approach complex problems, and make reasoned, ethical decisions.

Communicators

They understand and express ideas and information confidently and creatively in more than one language and in a variety of modes of communication. They work effectively and willingly in collaboration with others.

Principled

They act with integrity and honesty, with a strong sense of fairness, justice and respect for the dignity of the individual, groups and communities. They take responsibility for their own actions and the consequences that accompany them.

Open-minded

They understand and appreciate their own cultures and personal histories, and are open to the perspectives, values and traditions of other individuals and communities. They are accustomed to seeking and evaluating a range of points of view, and are willing to grow from the experience.

Caring

They show empathy, compassion and respect towards the needs and feelings of others. They have a personal commitment to service, and act to make a positive difference to the lives of others and to the environment.

Risk-takers

They approach unfamiliar situations and uncertainty with courage and forethought, and have the independence of spirit to explore new roles, ideas and strategies. They are brave and articulate in defending their beliefs.

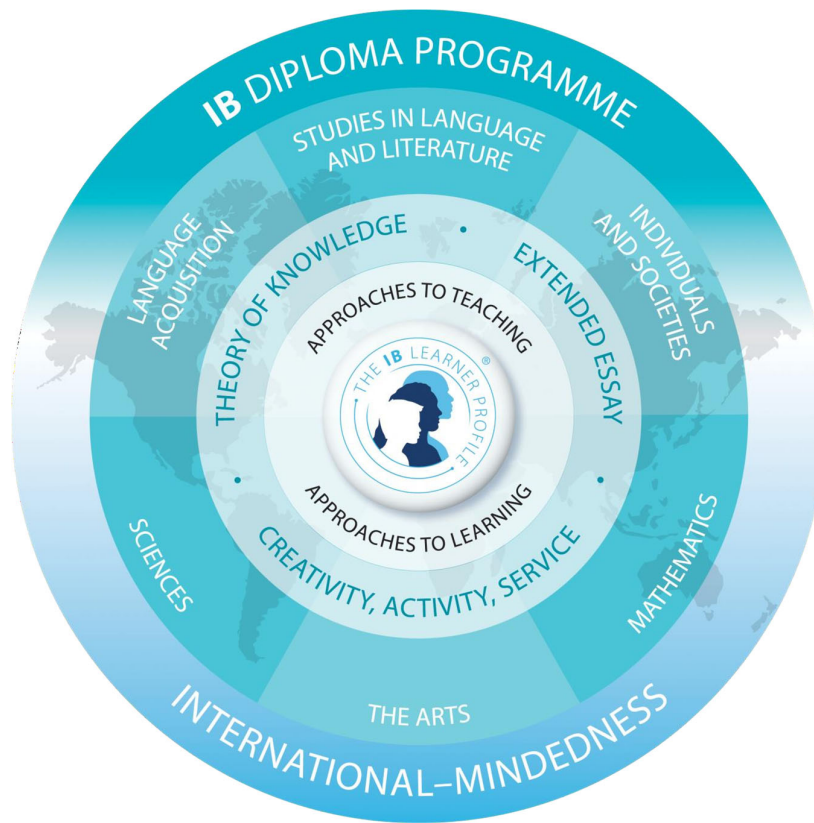

Balanced

They understand the importance of intellectual, physical and emotional balance to achieve personal well-being for themselves and others.

Reflective

They give thoughtful consideration to their own learning and experience. They are able to assess and understand their strengths and limitations in order to support their learning and personal development.

MS 7.3 The IB Diploma Programme Model

Besides the study of six subject areas, all students in the IB Diploma Programme take the core elements of:

- Theory of Knowledge (TOK)
- Extended Essay (EE)
- Creativity, Activity and Service (CAS)

MS 7.4 IB Diploma Programme Admission Policy

Candidates applying for entrance into the International Baccalaureate Diploma Programme (IBDP) at School of the Nations must meet the requirements described in one of the two categories listed in this section of the handbook.

MS 7.4.1 Category 1: Candidates Who Are Internal Students

Internal Students

Internal students refer to students who are enrolled to Form 4 at the school for at least two academic terms before the end of the Form 4 year. Student must successfully pass Form 4 at the SON in order to be enrolled in the IBDP. Passing criteria of Form 4 are stated in Section MS 2.7.1 of this handbook.

MS 7.4.2 Category 2: External Candidates Who Are Applying to Enter The IBDP

External Students: External students refer to candidates who are applying for a seat in Form 5 and entering the IBDP.

Entrance Requirements and Tests for External Students:

a. Application timeline:

For September entry, applicants must meet the regular application deadline for full consideration. Entrance exams and interviews will be completed after applications are accepted.

Entry into the IBDP after September in Year 1 (Form 5) is discouraged. Unless a student is currently pursuing the IB diploma at another institution, it is very challenging to start an IB curriculum after it has begun. If a student wishes to be considered for mid-year entry, a minimum of twenty (20) working days are required to coordinate document review, entrance exams, and interviews to be completed.

b. Required documentation:

Students who move from other schools need to provide the following documents:

- Completed application form, including a picture of the applicant and application fee.
- Proof (letter from Head of School, reports, etc.) that the student has completed Form 4 (Grade 10) or equivalent.
- Contact details of the previous school for us to receive a reference and coordinate entrance test administration if the applicant is not in Macau during the application process.
 - Two academic letters of reference are required. One must be from an English teacher and the other from a subject the applicant wishes to pursue at the Higher Level (HL) in the IBDP.
- Official report cards for at least the last two years of education.
- Any official or predicted exam results that an applicant has/will take (e.g. IGCSE,

IELTS, TOEFL, PSAT, etc.).

- A recently-marked English essay with teacher commentary.
- A copy of the admission policy signed by the applicant's parent(s)/guardian(s).
- Any medical documentation in the case of a medical condition that may affect student learning or experience at School of the Nations.
- Subject Proposal of curriculum to be taken for the IBDP.
 - Applicants must indicate which subjects he/she wishes to study at the Higher Level and Standard Level (three of each). Please consult the SON course offerings.

c. Entrance tests:

All applicants are required to take entrance tests for admission. Depending on the student's first language and programme preference, the following subjects may be tested:

- English

Skills: English language mastery and analytical skills

Content:

Part 1: Unseen Commentary

Part 2: Essay on a prescribed topic
- Mathematics

Skills: Mathematical techniques and Applying mathematical techniques to solve problems

Content:

 - Numbers and mathematical notations
 - Algebra
 - Mensuration
 - Plane and 3D Geometry
 - Trigonometry
 - Graphs
 - Sets, Vectors and Functions
 - Matrices and Transformations
 - Statistics and Probability
 - Introductory differentiation
- Sciences

Skills: Knowledge and understanding, handling information and problem solving.

Content: Cambridge IGCSE syllabi of Biology, Chemistry and/or Physics depending on the Science subject(s) selected in the proposal of curriculum.

d. Time and venue of entrance tests

The school will accept applications beginning on March 1 for admission to the following academic year. This process continues until the class is full or the academic year has begun in September.

Students who fail the entrance tests in April are allowed to retake the tests in August. Applicants living in Macau may be able to schedule alternate testing and interview dates, but must be done so with IBDP Coordinator approval.

To meet the needs of prospective students who cannot sit tests in Macau, the school allows students to take entrance tests at their present school, providing the school assures that the tests will be taken in strict exam conditions. Completed test papers should be scanned and emailed to the IBDP Coordinator.

Contact information for a school guidance counsellor or administrator must be submitted with the admission application to coordinate entrance test procedures.

e. Interview:

In addition to the entrance tests, the school may request that the student attend an admission interview. This is an opportunity for the student to present his/her educational background and explain any inconsistency in the test results or to demonstrate language proficiency. A web-based interview is possible for students living abroad during the time of application.

f. Admission decision and choice of curriculum:

Having considered entrance requirements (e.g. tests, references, etc.) and the applicant's curriculum proposal, the school will make an admission decision. Students may be admitted to the full diploma programme or advised to follow a certificate track that is tailored to their needs and abilities.

Admission to the school or the IBDP may be denied if a candidate's command of the English language, academic preparation, or academic commitment is considered insufficient for the student to successfully cope with the requirements of the programme. Decisions will be made in writing.

MS 7.5 Subject Selection in the IB Diploma Programme

Students accepted into the full IB Diploma Programme or into the certificate track must confirm their subject preferences by completing the Subject Selection Form. Students should bear in mind that there is no guarantee that they will be able to attend all the selected courses. The school will try to meet the needs of as many students as possible, however, due to scheduling, some students may be asked to choose a different subject.

MS 7.5.1 Requirement for Taking an IB Subject at the Higher Level (HL)

- Mathematics HL: Grade A or A* in IGCSE Mathematics or Grade B or above in IGCSE Additional Mathematics
- Other subject HL: Grade C or above in IGCSE of the corresponding subject
- For students who enrol to the school through Category 2 mentioned in Section 2, if

IGCSE or equivalent exams were not taken, the decision of enrolment to an HL course will be made by the coordinator and the teachers after evaluating the entrance tests.

- Students who do not fulfil the requirements listed in the two points above but wish to take those subjects at the Higher Level, a probation period of 3 months will be set up with a contract. Evaluation will be made by the faculty at the end of the probation period to decide whether the student can stay in that subject at HL or move to the standard level (SL) of that subject, and therefore moving the Certificate track of the IBDP as described in 3.1.3 below.

MS 7.5.2 IBDP Full Diploma Programme:

Students for the IBDP full diploma programme must satisfy assessment requirements in six subjects and the core in a two-year programme at the school. The six subjects must be selected from six groups as described in the relevant handbook for the examination session, at least three and not more than four subjects to be taken at higher level and the others at standard level (SL). Recommended teaching time is 240 hours to complete higher level (HL) courses and 150 hours to complete standard level courses.

In addition to the six subjects, students must complete the following core requirements:

Take a course in, and complete the required assessment in, Theory of Knowledge (TOK), over the two-year period of the Diploma Programme.

Complete the programme of Creativity, Activity and Service (CAS) activities, for which the IB recommends at least 150 hours for the combination of activities.

Complete and submit for assessment an Extended Essay (EE) in a subject available for this purpose. Work on the essay, which is expected to occupy approximately 40 hours, must be done under the direct supervision of a teacher at the school who has appropriate qualifications and/or experience in the subject chosen by the candidate and is familiar with the Diploma Programme.

MS 7.5.3 IBDP Certificate Track:

For students who do not fulfil the requirements listed in 3.1.1 regarding the enrolment to the subjects at HL for 3 subjects, a certificate track of the IBDP is offered to them. In the certificate track of the IBDP, students at the school are required to take less than 3 subjects at HL but still must fulfil the school requirements of TOK, CAS and EE. This is to ensure the greatest effort is put into the preparations of skills and practice of what is required in their tertiary education.

MS 7.5.4 Taking FOUR Higher Level (HL) Subjects in IB

To nurture candidates in a balanced and meaningful IBDP, the school currently does NOT allow any student to take more than three IB courses at the Higher Level.

MS 7.5.5 Core Components

The three core requirements of the IBDP - Creativity, Activity, Service (CAS), Theory of Knowledge (TOK) and Extended Essay (EE) - are compulsory for students following the Full Diploma Programme and the Certificate Track of the programme. Students following the full Diploma Programme can earn up to 3 extra marks for successful completion of TOK and EE.

MS 7.5.6 Self-taught Mother Tongue

School of the Nations appreciates the variety of languages spoken by the school community. Advice and support are given to students whose mother tongue is other than the currently offered Languages A, and who want to include their mother tongue in their subjects programme. The school will assist parents in searching for suitable teachers and offers internal training to the latter. Upon request, classrooms can be provided for such classes at the school. However, it is also acceptable for these classes to take place outside of the school. Any additional costs (e.g. tutor's remuneration) are the sole responsibility of the parents/guardians. It is expected that external tutors will inform the DP.

Coordinator of the student's progress on a regular basis and complete report comments four times per year. The current subject available for self-taught is Language A: Language and Literature SL only.

MS 7.5.7 Students Transferring from other IB Schools

School of the Nations accepts students who started the IBDP at other IB schools on condition that the school currently offers the subjects they studied in their previous school. Transferring students may be exempted from entrance tests. However, the transferring student needs to submit reports and/or a letter from their previous school, which confirms that he/she was enrolled in the IB Diploma Programme. Students who wish to carry over any Internal Assessment tasks from their previous school need to ensure that all required IB forms have been completed and signed by their supervisor. It is of paramount importance that all Group 4 lab work (including evidence of the Group 4 Collaborative Science Project), as well as the TOK Exhibition work are completed and documented and the documents are signed by the previous teacher.

MS 7.6 Language Policy in the SON IB Diploma Programme

Recognizing the intimate connection between the language abilities of an individual and the development of their moral structure, the school seeks to cultivate students' power of expression. At one level, language is used to communicate, to convey ideas and concepts, social, mathematical, scientific, and literary. In addition, by learning diverse languages, students are able to develop a sense of world citizenship and international mindedness. Learning different languages also opens our minds to different perspectives and ways of understanding.

Language must be rich enough to enable students to explore and describe reality, both physical and spiritual. We strive to enable students to use language with greater clarity and precision to understand the many dimensions of reality, such as recognizing the nobility of each human being and distinguish between that which is conducive to wellbeing or that which is detrimental.

The School of the Nations seeks to cultivate a love of learning in students where they are enabled to strive for personal excellence.

English and Mandarin are the primary languages of instruction at the School of the Nations. A panoply of cultural and linguistic backgrounds are both recognized and celebrated. At the same time, we recognize that families have chosen this school as a passport to other countries when it comes time for tertiary education.

Details of the SON Language Policy for the Diploma Programme can be found in the document SON Language Policy on the School's website.

MS 7.7 Use of Toddle

Toddle is an online platform that enables efficient curriculum planning, assessment and reporting, while eliminating paperwork and enhancing communication to parents and students. Currently, Form 5 and Form 6 Students have access to Toddle for all the subject areas as well as the following:

- CAS records and reflections logging
- Extended Essay tracking and reflections
- TOK records, notes and reflection

MS 7.8 University Counselling

The university selection process can be exciting, challenging, nerve-wracking, and difficult. The University Guidance Counsellor compiles resources, consults his/her experience and various guidebooks, and attempts to synthesise the information that IBDP students must know as they begin or continue their search.

Given that School of the Nations students are considering university options all over the world, the University Guidance Counsellor provides information and assistance in this process while students and families are expected to take ownership of carrying out

steps and making decisions regarding university and programmatic choices.

The university guidance counselling services include:

- Individual and group meetings with students
- Individual meetings with parents/guardians
- Guidance Counselling Handbook
- Parent information nights
- University visits
- University talks and fair on campus
- Information pamphlets from different universities
- Personal statement support
- University application workshops

MS 7.9 IB Student Privileges

MS 7.9.1 Off Campus Times

IBDP students in School of the Nations are granted the privilege of spending their time off campus at lunch time and after the last lesson of the day in the afternoon. However, for subjects with mixed HL and SL classes, explicit permission from the teachers is required if a SL student wishes to leave campus during the HL-only times during afternoon lessons.

This privilege is to be revoked once the school finds concerns in a student's attendance and punctuality record.

MS 7.9.2 Study Space for IB Students

DP students may occasionally have study periods scheduled by their teachers on certain school days. The School encourages students to make use of available spaces such as the Tuck Shop and the Library for individual or group work, conducted in a quiet and respectful manner.

MS 7.9.3 CAS Trip

Form 5 and Form 6 students may organise a trip as their CAS Project described in the SON CAS Handbook. They must consult with the CAS Coordinator and gain permission from the school administration regarding cost, location, project nature, etc. prior to any further step in the planning. A trip of this nature, while encouraged, is not compulsory, and other activities may take its place. The school policy of 90% participation rate is strictly enforced for trips outside of Macau.

MS 7.10 Protocol for Raising Concerns in the SON IB Diploma Programme

In addition to the protocol, procedure, and principles about raising concerns to the School stated in section A 26.4 of this handbook, students, their parents or legal guardian may note the following:

Concerns raised about a teacher:

Step 1: Should a concern be raised regarding a teacher of a DP course or a DP core component (CAS, TOK, EE), the School encourages students, parents or legal guardians to raise this directly with the teachers involved. This communication is usually the more straight forward in sorting out the issues, and most time efficient.

Step 2: If an issue is not resolved or progressing after it is raised with the teachers, or an individual feels the need to communicate with a member of the Pedagogical Leadership Team directly, the DP Coordinator or the Secondary Administrator can be approached. Kindly note that the DP Coordinator will be involved in all discussions and decisions made towards all steps of the resolution related to a concern raised about a DP course or a DP core component. The DP Coordinator is responsible for the execution, monitoring, reporting, and communicating progress of the handling of the concerns raised.

Step 3: If an issue is not resolved or progressing after it has been raised with the DP Coordinator and/or the Secondary Administrator, it needs to be brought to the school Director for further investigation or decision making.

Step 4: If an issue is not resolved or progressing after it is raised with the school Director, it will need to be brought to the Bádi Foundation, as described in section A 26.4 of this handbook. Members of the School community must recognise that, after all principles stated in section A 26.4 are followed, and all communication and necessary investigations conducted, some issues may be categorised as invalid.

Note: Should the teacher involved in the concern is the DP Coordinator, the matter will be handled directly by the Secondary Administrator first, and Steps 3 & 4 will follow if not resolved.

Concerns raised about School's decisions about other aspects of the DP:

Step 1: Should a concern be raised regarding a school decision made for a DP course, a DP core component (CAS, TOK, EE), or any other aspect of the IB Diploma Programme run in the School, the School encourages students, parents or legal guardians to raise this directly with the DP Coordinator.

Step 2: If an issue is not resolved or progressing after it is raised with the DP Coordinator, it needs to be brought to the Secondary Administrator for further investigation or decision making.

Step 3: If an issue is not resolved or progressing after it is raised with the Secondary Administrator, it needs to be brought to the school Director for further investigation or decision making.

Step 4: If an issue is not resolved or progressing after it is raised with the school Director, it will need to be brought to the Bádi Foundation as described in section A 26.4 of this handbook. Members of the School community must recognise that, after all principles stated in section A 26.4 are followed, and all communication and necessary investigations conducted, some issues that may be categorised as invalid.

MS 8 INTERNATIONAL EXAMINATION REGISTRATION

Students are registered in following international examinations by December of that academic year. The examinations are:

- IGCSE: All Form 4 students and some Form 3 students who are taking advanced courses
- IB Diploma Programme: All Form 6 students

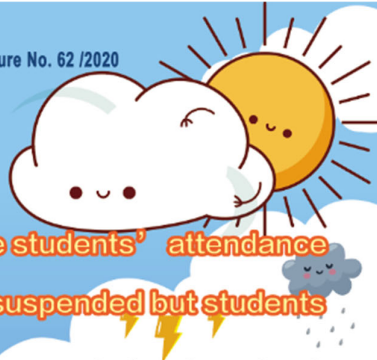

Students will receive confirmation of the examination subjects, examination timetables and candidate log-in details to access their results as soon as the registration is completed.

Should the parents decide that remarking or retaking some of the examinations is necessary, they should contact the Secondary Administrator, the IGCSE Exam Officer and/or the IB Diploma Programme Coordinator of the school to seek information regarding examination time, cost and approval. This communication must be done within a week of the official release date of the results in order to secure the availability of the services.

Outdoor Activity Guidelines

Prepared by the Outdoor Activity Committee

September 23, 2019

Update this document according to the data from the Macao SMG

June 12, 2025

Outdoor activities comprise a critical component of how we promote the physical development of our students. Research suggests that those aged 5–17 should have at least 60 minutes of moderate-to vigorous physical activity each day, with greater time providing greater health benefits.

However, there are environmental conditions specific to Macau that need to be carefully considered. For this reason, in September 2019, an Outdoor Activity Committee was formed (members consist of teachers, administrators, parents, and a health professional) which established the following guidelines to strike the right balance between promoting outdoor activity and ensuring the physical safety of our students.

Typhoons and rainstorms

The Macau Meteorological Bureau (SMG) official provides updates on typhoons on a scale that ranges from T1, the mildest, to T10, which is the most severe. It also publishes rainstorm warnings. Based on this, the Macau Educational Bureau (DSEDJ) stipulates the measures that should be taken for each school department, including class cancellations, that we adhere to.

Rain and wet weather

All outdoor activities are cancelled when it is raining or when the school determines that the ground is too wet for students to run safely.

Air quality

In Macau, a real-time air quality index and associated recommendations for outdoor activities (see below) are provided on the SMG website, which the school follows. When the real-time air quality index reaches 101 or above, all outdoor activities are cancelled.

Air Quality		Suggested Precautionary Actions	
Index	Level ^(4,5,6)	Sensitive Population Groups (People with existing heart or respiratory illnesses, pregnant woman, children and elderly)	General Public
0 - 50	 Good	No response action is required.	No response action is required.

UV and temperature

The Macao SMG has provided the public with a reference for the ultraviolet (UV) index and recommended protective measures (see the table below). In determining extreme conditions, The SMG does not attach significance to humidity levels or “body-feel temperature”—only normal temperature and the UV index are considered.

Proper protective measures required					
UV Index					
Exposure level	low	moderate	high	very high	extreme
Sunburnt time(minutes)	---	45	30	15	10
Suggested Protection					

The school committee has established that when the temperature is 36 degrees or above, 7 degrees or below, or when UV reaches 11 outdoor activities should be cancelled.

At times of intermediate concern, when conditions are elevated but not extreme, the key will be 'education' rather than cancellation. This includes instances with temperatures between 33-35 and 8-12 degrees or where the UV index is 'very high', 8-10. This education includes:

On hot days, staff in the school should:

- *educate students* to drink water, wear a hat/cap, and seek shade as possible
- *remind* students to bring a water bottle and a hat/cap
- *remind teachers* who are with students to remind them to drink water, wear a hat/cap, and seek shade as possible

On cold days, education and reminders should focus on keeping students warm.

戶外活動指南

本文件由戶外活動委員會準備
2019 年 9 月 23 日
根據澳門氣象局資料更新本文件
2025 年 6 月 12 日

戶外活動是促進學生身體健康發展的重要組成部分。研究建議，年齡在5-17歲之間的人應該每天至少進行60分鐘中等到劇烈程度的體育活動，如果時間更多的話將能提供更多的健康益處。

不過，澳門也有一些特殊的環境條件需要認真考慮。為此，2019年9月學校成立了戶外活動委員會(委員會成員由教師、行政人員、家長和健康專業人士組成)，制定了以下指導方針，以促進戶外活動和確保學生身體安全之間取得適當的平衡。

颱風和暴雨

澳門氣象局(SMG)提供颱風的實時資料，範圍從最溫和的T1到最嚴重的T10風球。氣象局亦會發出暴雨警告。在此基礎上，澳門教育暨青年發展局(DSED)規定了各學校應採取的措施，包括停課安排等。

降雨和雨濕天氣

當出現下雨天氣時，所有戶外活動取消。當學校認為雨後地面太濕不宜讓學生進行戶外活動時，亦會根據具體情況適時取消戶外活動。

空氣質量

學校會跟隨澳門氣象局官網實時提供的空氣質量指數及戶外活動建議(見下表)作出安排。當即時空氣指數達到 101 或以上時，所有戶外活動均被取消。

空氣質量		建議採取的預防措施	
指數	水平 ^(4,5,6)	敏感人群 (患有呼吸系統疾病或心臟病人士、 孕婦、兒童及長者)	一般市民
0 - 50	良好	可如常活動。	可如常活動。
51 - 100	普通	應 <u>減少</u> 戶外劇烈活動。	可如常活動。
101 - 200	不良	應 <u>盡量減少</u> 戶外劇烈活動，以及在戶外逗留的時間，如交通繁忙地方。	應 <u>減少</u> 戶外劇烈活動，以及在戶外逗留的時間，如交通繁忙地方。

201 - 300	非常不良		
301 - 400	嚴重	應 <u>避免</u> 戶外活動，以及在戶外逗留，如交通繁忙地方。	應 <u>盡量減少</u> 戶外劇烈活動，以及在戶外逗留的時間，如交通繁忙地方。
401 - 500	有害

紫外線和溫度

澳門氣象局為市民提供了紫外線指數參考和應採取的防護措施 (見下表)。需注意的是，濕度水平和“體感溫度”並不在其戶外活動建議的參考指標內。極端天氣戶外活動的考慮因素主要有正常溫度和紫外線指數。

紫外線指數	UV INDEX 1 2	UV INDEX 3 4 5	UV INDEX 6 7	UV INDEX 8 9 10	UV INDEX 11 ⁺
曝曬級數	低	中等	高	甚高	極高
曬傷時間(分鐘)	---	45	30	15	10
建議防護措施					

學校戶外活動委員會已確定，戶外活動應在極端天氣-當溫度 36 攝氏度及以上、7 攝氏及以下，或紫外線達到 11 及以上時取消。

在需要關注的天氣條件下，關鍵應該是“教育”，而不是簡單地取消戶外活動。這些天氣條件包括溫度在 33-35 攝氏度之間及 8-12 攝氏度之間，或者紫外線顯示“非常高”，即指數為 8-10 的時候。

炎熱天氣，學校的教職員人需要：

- 教育學生喝水，戴帽子，在太陽下活動一段時間後盡可能尋找陰涼處休息
- 提醒學生準備好水瓶和帽子
- 提醒當時和學生在一起的老師提醒學生喝水，戴帽子以及在太陽下活動一段時間後盡可能尋找陰涼處休息

低溫天氣，教育和提醒學生應該注意保暖。

總結表

	紫外線	一般溫度	空氣質量	颱風和暴雨	降雨/雨濕天氣
戶外活動取消	11+	36°+ (或7°及以下)	101+	按教育暨青年發展局指引安排	降雨或（學校根據地面潮濕情況決定）
保障學生安全	8-10	33-35° (或 8-12°)	不適用	不適用	學校根據情況安排
